Foundation Course 2017

About the Course

Summer BOLT foundation course (Summer BOLT) is a summer module jointly conducted by Hong Kong Baptist University and The Education University of Hong Kong and based on the [BOLT foundation course](#) developed by PolyU's BOLT team. This summer module comprises six sessions and is offered over the summer at a very relaxed pace. During this module, participants can take part in both face-to-face and online learning sessions to explore pivotal learning tools, technologies and techniques on the move. A variety of learning activities and range of other input sources such as videos and readings will be provided in the online platform.

Summer BOLT is the equivalent of Module 1 of the regular BOLT foundation course. Full details of the BOLT Project at www.bolt.edu.hk.
