(light lunch from 12:30 – 12:45 p.m.)

📍 Venue

Room 402K,
*Learning Commons, 4/F,
Academic & Administration Building,
Baptist University Road Campus*

📄 Abstract

In line with the ethos of providing equal learning opportunities to all students, the University endeavors to support students with special educational needs (SEN) to ensure that they have equivalent learning experience at HKBU. The establishment of the Unit for Students with Special Education Needs (USSEN) in 2014 under the Office of Student Affairs further streamlines the support and provides a one-stop service to students with SEN. To provide colleagues with further information on how to create a positive learning environment for our students, Dr. Eva Sum, a practicing educational psychologist, has been invited to share her experience in supporting students with SEN. An overview of knowledge about SSEN and teaching strategy with focus on support to students with hearing and visual impairments as well as information of service of the USSEN, will also be shared in this workshop.

📄 Biography

Dr. Eva Sum is a Chartered Educational Psychologist of British Psychological Society and a Registered Educational Psychologist of Hong Kong Psychological Society. She worked as a Specialist (Educational Psychology) in the Education Bureau (EDB) for over 15 years and subsequently a Teaching Consultant of the Master of Educational Psychology Programme in the University of Hong Kong training Educational Psychologists until 2010. Dr. Sum has extensive clinical experience working with children and adolescents with different learning and psycho-emotional needs. Her specialty areas include gifted and talented, twice exceptionality, Autism Spectrum Disorder (ASD), Attention Deficit Hyperactivity Disorder (ADHD), Specific Learning Difficulties in Reading and Writing (SpLD) and mental health issues. In addition to her current capacity as an Educational Psychologist in the HK EP Services Centre Limited, Dr. Sum is also currently the professional supervisor of the School-based Educational Psychologist Services for three Christian school sponsoring bodies, supervising a total of 13 Educational Psychologists who are now serving over eighty local primary and secondary schools in Hong Kong.
